

SPRAY FOAM SYSTEM MATERIAL WARRANTY

NCFI Polyurethanes warrants that the InsulStar® 11-016 Spray Polyurethane Foam System, when applied by an NCFI Certified Applicator in conformance with local building codes and according to NCFI Polyurethanes' recommendations and specifications, will conform to the physical properties listed on the appropriate Technical Data Sheet published at the time of the installation. This warranty is in lieu of all other written or unwritten, expressed or implied warranties, and NCFI expressly disclaims any warranty of merchantability, fitness for a particular purpose, or freedom from patent infringement. Accordingly, buyer assumes all risks whatsoever as to the use of the material. Buyer's exclusive remedy as to any breach of warranty, negligence or other claim shall be limited to the purchase price of the material. Failure to adhere strictly to any recommended procedures shall relieve NCFI of all liability with respect to the material or the use thereof. The information on the NCFI Technical Data Sheet is to assist spray foam installing contractors and designers in determining whether this product is suitable for their intended application. The customers must satisfy themselves as to the suitability for specific cases.

NCFI Polyurethanes Spray Polyurethane Foam System 11-016 is a two component, self-adhering, seamless, closed cell, spray applied polyurethane foam system. This system has been formulated with highly insulating HFC-245fa as the blowing agent and contains an anti-microbial ingredient to inhibit the growth of molds. 11-016 is certified for applications in Type I, II, III, IV & V buildings with certain restrictions. The spray foam applicator is responsible for ensuring the application is approved for the intended installation.

NCFI Polyurethanes will have no liability under this Warranty for defects or failures caused by improper installation; improper storage of materials; damage due to lightning, fire, violent weather, or other acts of God; structural failures, or breaks, or openings occurring after installation by settling, distortion or other extraordinary events; or penetrations caused by other parties, including plant and animal life.

NCFI Polyurethanes sole responsibility under this Warranty will be for the replacement of the spray polyurethane foam chemicals only. NCFI Polyurethanes will not be liable for any costs associated with the removal or installation of its spray foam products.

This warranty agreement is expressly in lieu of all other warranties and representations, expressed or implied and all other obligations or liabilities on the part of NCFI Polyurethanes. NCFI Polyurethanes shall not be responsible in any way for any damage caused to the building or any of its contents by reason of any failure of the NCFI Polyurethanes insulation products, it being the intention hereof that the full extent of NCFI Polyurethanes' obligation hereunder is provision of additional foam material, as required. NCFI Polyurethanes EXPRESSLY DISCLAIMS ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR PURPOSE.
